

Alice Springs CBD Revitalisation Project

Project update

Dear Stakeholder,

As part of the finalisation of works for the Alice Springs CBD Revitalisation project, Hartley Street (between Gregory Terrace and Parsons Street) will be closed between 6am and 6pm, 8-11 February 2024 for shade structure installation.

Road closures will also occur on Gregory Terrace between 6am and 6pm, 13-14 February 2024.

Throughout these works, pedestrian access will be maintained to all business shopfronts. If required, alternative crossings will be established as close as possible to minimise the disruption to pedestrians and businesses.

The road closures will occur in four stages as follows:

- Stage 1: Hartley Street - car park side
- Stage 2: Hartley Street - Yeperenye Shopping Centre side
- Stage 3: Gregory Terrace - west bound
- Stage 4: Gregory Terrace - east bound.

Vehicle access to businesses along Hartley Street will be temporarily disrupted, and motorists are asked to follow traffic management in place.

Various car parking spaces will be temporarily unavailable on Hartley Street for the duration of these the works.

The Department of Infrastructure, Planning and Logistics (DIPL) appreciates your patience while these works are undertaken.
