

Mango Roads corrective works

Mocatto Road – Road closure

As part of the Mango Roads upgrade and seal project, corrective works are required on Mocatto Road.

Works are proposed to commence 21 August 2023 and are expected to be completed by 19 September 2023.

A section of Mocatto Road will be closed to all traffic and a detour will be in place along Acacia Gap Road and Townend Road as shown on the map below. The location of the works is nearer the Acacia Gap Road end of Mocatto Road.

The work area and closed section of road will be approximately 900 metres.

Road users and motorists are asked to adhere to all traffic management and detour signage in place.

The Mango Roads project will improve access and connectivity between mango farms, packing sheds and export markets as well as improve road safety and access for contractors, workers and residents.

This project is jointly funded by the Australian Government, Northern Territory Government and Litchfield Council.

Contact information for project updates
