

## Social Housing Accelerator Payment

The Australian Government and Northern Territory Government are delivering up to 100 new social and accessible homes across the Territory.

The \$50 million Social Housing Accelerator Payment is funded by the Australian Government and is being delivered by the Northern Territory Government.

These new homes will be built to adaptable standards, enabling seniors and people with mobility issues to continue living in the same home as they age.

Construction of the next 24 homes across Darwin, Katherine, Tennant Creek and Alice Springs is expected to start in October 2025 with anticipated completion by mid-2026.

Multiple local contractors have been engaged for the works, including:

- Greenspace Group Pty Ltd
- LA Build Pty Ltd
- DICE (Aust) Pty Ltd
- Katherine Constructions Pty Ltd
- Blueprint NT Pty Ltd
- Centrebuild Pty Ltd.
