

Alice Springs CBD Revitalisation Project Project update

Dear Stakeholder,

As part of the Alice Springs CBD Revitalisation project, works on Gregory Terrace will commence Tuesday 15 August 2023.

During these works, there will be intermittent partial closures to walkways. Pedestrian access will be maintained to all business shopfronts at all times. If required, alternative crossings will be established to minimise disruption to pedestrians and businesses.

Road closures to the northern and southern side of Gregory Terrace are expected to occur daily between 6pm and 6am and will continue for 6 weeks. For 3 weeks, starting mid-August some road closures will remain in place until 9am. Further correspondence will be provided for any road closures that will be required past 9am. Vehicle access to businesses along Gregory Terrace will be disrupted temporarily and motorists are asked to follow traffic management in place.

Various car parking spaces will be temporarily unavailable on Gregory Terrace for the duration of these works.

The Department of Infrastructure, Planning and Logistics appreciates your patience while these works are undertaken and will provide regular project updates to stakeholders as the project progresses.
